

Physician Assistant

Department of Paediatric Haematology & Oncology, Tata Medical Center, Kolkata

Conceptualized in the year 2004 as a philanthropic initiative for the Eastern and North-Eastern parts of India and the neighboring countries, the Tata Medical Center (TMC) started operations in Kolkata on May 16, 2011. The hospital is governed by a charitable trust – Tata Medical Centre Trust. It is an integrated Oncology facility with well-trained professional staff and equipped with modern facilities and the most contemporary medical equipment. The hospital was designed by Cannon Design, a renowned architectural firm from North America. It is located on 13 acres of land at New Town in Kolkata, West Bengal.

The Hospital, with a capacity of 437 beds, serves all sections of the society, with 75% of the infrastructure earmarked for subsidized treatment for the underprivileged sections. It provides a wide spectrum of services from diagnosis and therapy to rehabilitation and palliative support. The Institution's objective is to excel in service, education and research.

To fulfil the above objectives TMC invites applications for the post of Physician Assistant.

Brief Job Description

We are seeking a dedicated and compassionate Physician Assistant to join our Paediatric Oncology team. This role involves providing high-quality clinical support in both outpatient and inpatient settings, working closely with consultants, residents, and nursing staff to deliver comprehensive care to children with cancer.

- Assisting in developing initial management plans
- Ordering and following up on laboratory and imaging investigations
- Interpreting routine test results and escalating abnormalities promptly
- Maintaining strict aseptic and safety standards
- Patient Navigation
- Interdepartmental co-ordination for patient management
- Patient & Family Education
- Reinforcing instructions given by the treating team to patients and caregivers regarding treatment plans and preventive care
- Secretarial work for the department

Documentation

- Maintaining accurate and up-to-date medical records
- Documenting clinical findings, procedures, and treatment plans
- Ensuring compliance with hospital documentation standards

Procedural Skills:

Performing basic clinical procedures, including:

- IV cannulation
- Venepuncture and sample collection
- Accessing central venous lines
- Wound care and dressings

Qualifications

Bachelor's degree in Physician Assistant Studies / Life Sciences

Prior experience is desirable

Skills & Attributes

- Excellent communication and interpersonal skills
- Empathy and ability to work with children and families
- Ability to function effectively in a multidisciplinary team
