Department of Gynecological Oncology

Tata Medical Center, Kolkata

Job Title: Fellow, Gynecological Oncology

About the department

The Department of Gynaecological Oncology consists of five consultants. Together we are accredited for training two DrNB super-speciality (GynOnc) students every year in addition to other rotational DrNB and non DrNB students. We conduct outpatient clinics everyday with 9 full-day operating slots every week. Our team attends about 200 women in the OPD each week and performs nearly 800 advanced gynaecological cancer surgical procedures each year. We specialize in advanced laparoscopic and robotic surgery in gynaecological cancer and advanced cytoreductive surgery for ovarian cancer along with hyper-thermic intra-peritoneal chemotherapy (HIPEC). The departments is a part of a highly skilled multidisciplinary team that meets once every week with members from Radiation Oncology, Medical Oncology, Histology and Molecular Pathology, Radiology and Preventive Oncology. We are the only centre in India that is accredited by the European Society of Gynaecological Oncology (ESGO) for advanced ovarian cancer surgery.
