

Fellow – THORACIC SURGERY

Conceptualized in the year 2004 as a philanthropic initiative for the Eastern and North-Eastern parts of India and the neighboring countries, the Tata Medical Center (TMC) started operations in Kolkata on May 16, 2011. The hospital is governed by a charitable trust – Tata Medical Centre Trust. It is an integrated Oncology facility with well-trained professional staff and equipped with modern facilities and the most contemporary medical equipment. The hospital was designed by Cannon Design, a renowned architectural firm from North America. It is located on 13 acres of land at New Town in Kolkata, West Bengal.

The hospital is an integrated Oncology facility with well-trained professional staff and equipped with modern facilities and contemporary medical equipment. The Hospital, with a capacity of 437 beds, serves all sections of the society, with 75% of the infrastructure earmarked for subsidized treatment for the underprivileged sections. It provides a wide spectrum of services from diagnosis and therapy to rehabilitation and palliative support. The Institution's objective is to excel in service, education and research.

The Department:

The Department of Thoracic Surgery aims to offer training in the management of lung, airway, esophageal, mediastinal and chest wall malignancies.

Fellowship Objective:

The Fellowship aims to train surgeons aiming for a career in Thoracic Oncology. Fellows will be exposed to the comprehensive management of thoracic malignancies and minimally invasive surgical techniques. At Tata Medical Center, Fellows will learn to work collaboratively with Radiation and Medical Oncologists to offer high quality and personalised care. The Fellows will be involved in out-patient and in-patient care with assessment of new and review patients, and also in the operation theatres.

Tata Medical Center Fellowship Program Clinical responsibilities:

The Fellow will be involved in the managing out-patient and in in-patient clinical services, and actively assisting or operating in the operation theatre together with mandatory on call duties.

Academic Responsibilities:

The Fellows will be involved in case presentation, discussion contemporary publications, seminars and organizing multidisciplinary meetings. These will be reinforced by periodic faculty lecture. During this tenure they may be required to do audits and research work. Fellows will have to maintain a Log Book. In addition, the fellows may be expected to teach the nursing staff. They will have to appear for periodic assessment exams, including mid-term and exit exams.

No of Fellowship Positions: Two

Duration: 1 year

Qualification/ Eligibility Criteria:

M.S. or DNB degree in General Surgery OR M Ch / DNB in Thoracic Surgery OR M Ch in Surgical Oncology

Desirable:

More than 1 year experience following a Master's Degree, preferably in an oncology unit. Candidates appearing for final PG examination may also apply.
