

Tata Medical Center: Be a volunteer

Be a Volunteer

To render service is the noblest of deeds -

As a volunteer, you can channelize your time, knowledge or skills to help make a difference. No matter how you wish to help, remember that every bit is crucial – and highly appreciated.

You can volunteer as:

Qualified medical professional
Nurse
Qualified Allied Service Provider
Medical and nursing intern
Student
Teacher

How Volunteering can benefit you:

Gain hands-on work experience
Develop interpersonal, team-building and problem-solving skills
Develop your strengths
Develop a sense of independence
Enhance self-confidence and self esteem
Enhance social and technical skills
Enhance your knowledge, skills and vision
Strengthen application for higher education
Explore exciting career options
Discover new challenges and the joy of fulfilling experiences
Develop a compassion for others
Increase your employability
Interact with a diverse group of people
Learn about Cancer and spread the word of Cancer Care around
Raise your social awareness
Spare time for a cause
Spread happiness
Make life-long friends
Connect with people
Discover yourself; give yourself a gift of gratification

We recommend that volunteers spend at least 6 weeks with us in order to make it a meaningful journey for both of us.

Take the first step

To know more about how you can volunteer, simply email us your CV with your area of interest.
